## VII. For willing participants, the activation of pigeons for the additional race:

### B) Conditions for participation in the additional competition.

In the competition from the 600 km flight (Berlin or another town), the first 20 pigeons from the final + the first 10 pilots are excluded. (Without a minimum number of competing pigeons in flight.) The fee for a pigeon is PLN 300 from the total amount will be deducted 20% for flight service. Prizes are paid at the exchange rate on the day the prize is paid or in PLN. When an equal sum of points is obtained in individual competitions, the prizes are divided between the winners with the same number of points. If a sufficient number of pigeons are not returned from the competition to receive the prizes, the remaining prize sum will be divided equally among all pigeons.

\*( The duration of the competition is 100 km per day from the first pigeon, after this time the competition is stopped).

### RACE PLAN:

A. Competition races in the direction of the NORTH-WEST (NW)

1. Competition race: approx. 110 km WOLBROM or other town
2. Competition race: about 150 km KOZIEGLÓWKI or another town
3. Competition race: about 195 OLESNO km or other town
4. Competition race: approx. 290 km OLESNICA or other town
5. Race (FINAL): around 430 NEW SALT km or other town
6. Race (ADDITIONAL): approximately 600 km BERLIN or 680 km in windy weather.

B. Practice races:

About eight training races: distance from 3km - 70km.

\* The organizers reserve the right to shorten or extend the flight and change the date of the flight due to weather conditions.

\* For humanitarian reasons, a pigeon that returns the day before the flight or is in very poor health may not be put on the next flight.

C. Pigeons will be put on the races by a committee consisting of the organizer and willing participants of the mwgmałopolska.

D. The races will be carried out by own transport on any given day in appropriate weather conditions for the pigeons.

4. **The organizer is obliged to:**

- care for entrusted pigeons, health care (vaccinations, veterinary examinations), proper nutrition (feed, vitamins), organization of training and competition flights
- keeping and publishing documentation from the course of the championship on the website.

5. **Auction and sale of pigeons after the season:**

After the season, the first auction will be organized, of which 40% of the obtained amount goes to the participant to whom the pigeon was assigned, 40% to the organizer. 20% for the auctioning of pigeons, photo processing, the starting amount for the auction is PLN 200 per pigeon. If the auction is won by the original pigeon owner, then he pays 50% of the value of the auctioned pigeon at the auction. Pigeons that are not purchased in the first auction become the property of the organizer, pigeons can be put up for the second auction, the amount of which is not divided between the participant and the organizer. Please deliver the pedigrees AT LATEST one week after the Final, the pigeon without pedigree for auction becomes the property of the organizer and the sale of the pigeon is not shared with the rightful owner, but the entire amount from the sale goes to the organizer.

\* All prizes will be issued at the end of the auction and upon receipt of the purchased pigeon from the auction.

6. **Final Provision:**

With a smaller number of pigeons, the percentage of prizes will be smaller, but we do not plan to organize such championships / competitions with less than 200 birds, please update the form and sign up to participate in the competition and show your best side.

7. **Other important things:**

The racing season is organized from the first training flight to the final flight in a situation where at the MWG Małopolska there are at least 5% of pigeons from the entire state, which was reported in the season. In a situation where the condition of the loft is lower than 5% of the pigeons in the whole condition from a hard flight (training / competition) and it does not increase up to 14 full days, the competition is interrupted. Returned pigeons are put up for auction, all previous prizes will be paid out. The remaining amount goes to the 2024 season.
